

Peter Pan

Vers

I used to love Peter Pan when I was little
And I understand myself, more and more
Life gets harder,
mind and heart heavier each day.

Why did we wanna grow up?
As an adult you are free they say,
But instead, they're setting boundaries that no one would ever allow
Setting boundaries to our dreams, I guess Peter Pan wouldn't even know how

Prechorus

How we got ourselves in a situation
Being happy being the hardest job of all
How we got ourselves in that kind of position
We don't rise cause we're afraid to fall.

Chorus

Baby just let us be, baby just let us be
Baby let us be, little kids again
Baby let us be, baby just let us be
Baby let us be, little kids again.

Vers

We are wasting our time, wasting our joy
Back then we wasted time on our new found favourite toy.
That time just wasn't wasted, it was purely to enjoy.
With the only neighbour kid I knew, oh how I miss that boy.

He was all about trying, failing and then trying again
He was the purest and kindest neighbourhood friend.
Guess we grew old, guess we grew wise, guess we put those times behind.
But I still don't know how.

Prechorus

Chorus

Bridge

All we need is faith, trust and a little pixie dust.
All we need is faith, trust and a little pixie dust.

Chorus
