

# Real slow

## Vers

I gotta be honest, gotta be real.  
I kinda forgot how good it feels.  
Without all the pressure of making sene  
Without all the tension making amends  
I'll just let myself go.

## Chorus

Real slow.  
Real slow.

## Vers

I've always wondered how it must feel  
To live and not get lost within a daydream.  
Cause I've been a fool in trying to be best  
Never got there cause it's not a contest.  
We'll just let ourselves go.

## Chorus

## Rap (by Troy Senn)

## Bridge

I'm letting go of losing control  
To my doubts and my fears, they've been leading for years.  
This is not meant to just pass me by,  
It's meant to be lived, so let's try.

## Chorus
